Category: Ancient Philosophy

Based on the evaluation reports of the candidates' merits and to comply with the provisions of section 11.1 of the call for applications, the selection committee makes public through the Human Resources Service the assessment of the candidates in the first phase of the selection process, indicating the score obtained, and determines which people pass this first phase.

According the seventh clause of the Serra Húnter Plan Agreement 2024-2027: "The short list that concludes the first phase can only be used when the number of candidates presented is too large to examine them orally in a reasonable time. Therefore, it should only be used when there are more than four candidates. There should not be less than two candidates per contract offered, except when the commission unanimously justifies it in a completely reasoned way, with detailed arguments and specifying candidate by candidate the reasons for this exclusion"

Prioritized list of candidates who have passed the first phase:

	RESULT
1. Mr./ Ms. PATRICIA MARECHAL	<u>90</u>
2. Mr./Ms. ORIOL PONSATÍ-MURLÀ	<u>80</u>

☐ The Commission considers that no candidate has the appropriate merits to pass the first phase, therefore it is proposed to the rector not to hold the competition and leave the contract vacant.
