

Exchange semester at PH Zug Webinar

Patrick Pfeuffer, Head of International Office PH Zug

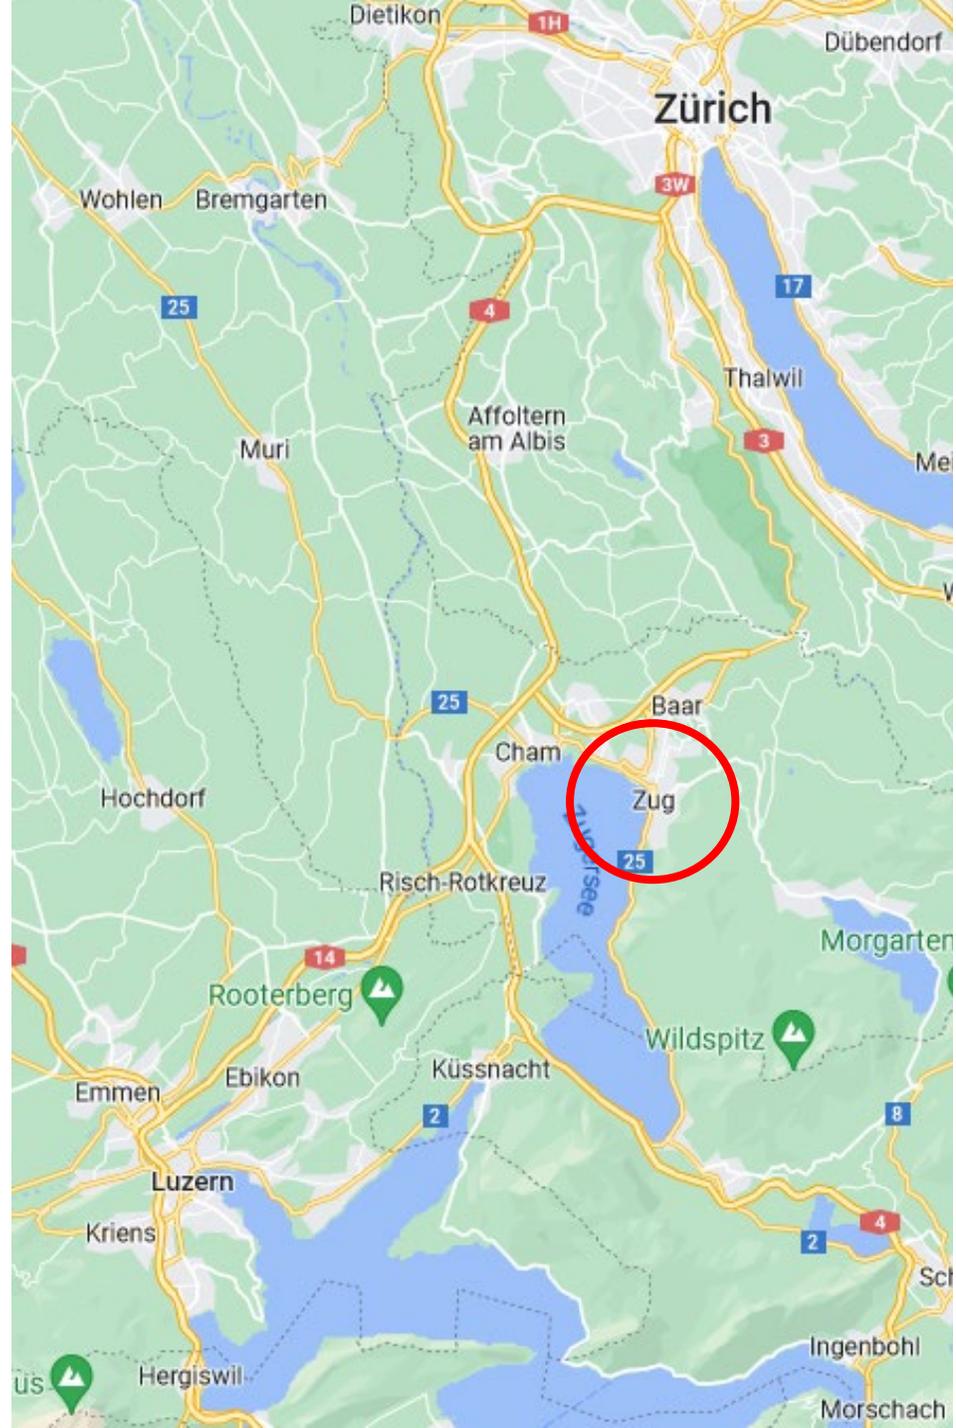

Lynne Krienbühl, Mobility Coordinator PH Zug

Zug, November 2025

The University of Teacher Education Zug (PH Zug)

PH Zug

- Is situated at an idyllic place in the city of Zug, in the heart of Switzerland between Zurich and Lucerne (20-25 mins by train)
- Zug hosts many international companies and many Expats from all over the world. English is a common language in everyday life.
- With about 600 (450) students, we have a very personal atmosphere. Life on campus is marked by short distances and unbureaucratic processes.
- Strong connection to schools (30% placements)

PH Zug has these study programs:

- BA Primary Education (for children from 6-12 years)
- BA Pre-Primary/Lower Primary (for children from 4-9 years)
- MA Special Needs Education (4-15 years)

Exchange semester

Semester 1: 7. September – 11. December 2026

Semester 2: 22. February – 21. May 2027

→ English courses are available on Primary level and in **Semester 1** only
(September-December)

Introduction week (31.8. - 4.9.2026)

- Welcome meeting (probably 2.9.26)
- Campus tour and meeting with buddies
- ICT infrastructure setup
- Guided City tour
- Support with registration of residence permit
- Introduction day about sustainability with first year students
- ...

Buddy system

- We assign student buddies to help you accommodate
- Buddies are other PH Zug students who will support you with daily aspects of life in Switzerland. They are there to help you with whatever you may need and take you on sightseeing trips as well 😊
- Join ESN (Erasmus student network) Zurich or Lucerne for sightseeing trips, parties and more

Accommodation

- Accommodation nearby is usually possible and very affordable (550-600 CHF per month)
- For female students, there are furnished single rooms in the guest area of the nearby monastery “Maria Opferung” (2 min. walking distance from PH Zug)

Accommodation

- PH Zug has a so-called “Studi-WG” (rooms in a shared apartment for students) next to the PH.
- If rooms are still available, these can also be used. However, six months' rent would have to be paid regardless of the actual length of stay.
- We also have contacts to host families in the city. We are happy to share them with you.
- If you prefer to make your own living arrangements, you will need to budget between CHF 600 and CHF 900 per month for a room in a shared flat.

Finances

- Students will get a grant of 1900/2200/2500 CHF (depending on country) per semester from the Swiss-European Mobility program (SEMP)
- Additionally we support you with 250 CHF for public transport. We recommend buying a half-fare travelcard (“Halbtax”) with this.
- If Green Travel is possible (travelling to Zug by train or bus) we support you with another 200 CHF which would cover an Erasmus+ interrail pass.
- For using PH’s infrastructure, you must pay 20 CHF (+ 25 CHF in *addition* if you choose “Art & Design”) at the end of your stay.
- No tuition fees

Living expenses

– Switzerland is expensive but other Incoming students said they could manage with expenses between 800 CHF and 1000 CHF per month due to the affordable housing in the monastery and travel support.

Course programme

- In autumn semester, we are able to offer English and bilingual courses with regular students
- Placement at an International School every week plus mentoring by PH Zug, so teaching in all subjects is possible
- Join English courses at PH Zurich, PH Lucerne or PH Schwyz to broaden your experience
- Possibility to learn a new instrument: 1:1 teaching piano/guitar
- Choir and sports courses

«Overall 100 percent go on Erasmus to Zug its incredible.»

Student from Marino Institute of Education Dublin, Autumn semester 2022

«PH Zug is a wonderful place to study. All teachers are very friendly and helpful with everything you need even though you don't speak their language. All the students speak very good English as well and they are not shy to speak with foreign students not only during the lectures. Lectures are effectively planned and well managed – teachers focus on the practical experience, they offer a lot of teamwork and active exercises during classes. School is well equipped, so the conditions for studying are perfect!»

Student from Charles University Prague, autumn semester 2022
